

# SUMMER HORSE FARM HELP NEEDED

507 CHAPMAN LANE; WILLISTON, VT.

We have a horse farm, mostly Arabians, in Williston (507 Chapman Ln).

We are looking for someone who would be willing to work 2-4 hours per day Monday - Friday.

Some days the work would include letting out and/or bringing in horses as well as cleaning 8 stalls. Other days it would be just cleaning 8 stalls. We have automatic waterers and automatic feeders for the horses in the barn. On some days the work would include taking grain to the horses who live in our lower fields.

The hours can be flexible.

We have:

- 3 wean-lings - very cute.
- 4 yearlings - all very well behaved.
- a number of older horses, some bred here,

This summer position may also include mowing.
