

FARM HAND NEEDED

JOHNSON FARM – WILLISTON, VT

Work part time at a small organic dairy farm in Williston. Kathy and Denny Lewis (owners of Johnson Farm) are looking for a new farm hand. They need someone who is willing to stick around the area of Williston and or is a local, and help them to milk their herd of 35 jerseys, and help with chores. Milking and chores takes all of three hours to complete. Morning milking starts at 6am, and afternoon milking is at 4pm. It is a great part time job for someone who just wants some dairy experience, because it is a small herd, easy to get to, and pays well.
